EDUCATION

SAL Engineering And Technical Institute   Ahmedabad
B.E. in Computer Engineering   *2024*

Ultravision Academy   Surendranagar
12th Boards   *2020*

Dayamayi Mata High School   Surendranagar
10th Boards   *2018*

EXPERIENCE

ReactJS Intern   June 2024 – October 2024
Nevina Infotech   *Ahmedabad, Gujarat, India (On-Site)*

- Implemented state management using Redux Toolkit for efficient application-wide data handling.
- Focused on performance optimization to improve application responsiveness and efficiency.
- Integrated Firebase for real-time database operations and utilized local storage to enhance data persistence across sessions.
- Emphasized clean, reusable code and optimized rendering to enhance performance and scalability.

Summer Internship   January 2024 – June 2024
Satyanam Info Solutions   *Ahmedabad, Gujarat, India (On-Site)*

- Throughout the internship, I actively participated in building projects.
- Developed and implemented CRUD operations for a departmental management system using .NET technologies, enhancing skills in C#, ASP.NET Core, and Entity Framework for efficient data management.

Summer Internship   July 2023 – August 2023
Creart Solutions   *Ahmedabad, Gujarat, India (On-Site)*

- Built a project named 'NoticeHub - WebApp' where Admin can post Notice and User can view Notice using Django framework.

Web Development Internship   August 2022 – October 2022
Oasis Infobyte   *Remote*

- Performed certain tasks by developing the interface of the website using HTML, CSS, Javascript & React.
- Used Tailwind CSS for better styling of the website.

Summer Internship   April 2022 - May 2022
Praxware Technologies   *Ahmedabad, Gujarat, India (On-Site)*

- Throughout the internship, I actively participated in building projects using ReactJs.

30 Days Of Google Cloud   September 2021 - October 2021
Google Cloud   *Remote*

- Accomplished Cloud Engineering Track and Data Science & Machine Learning Track in the specific period of month.

- Completed Ultimate Milestone with 30 Quests and 15 Skill Badges.

PROJECTS

Chefly

- Link : https://chefly-piyush-jani.netlify.app/
- Utilized ReactJS for dynamic and interactive front-end development with reusable components.
- Designed a visually appealing user interface using Tailwind CSS.
- Implemented state management efficiently using Redux Toolkit for seamless user interactions.
- Deployed the application using Netlify, ensuring continuous integration and delivery for fast, reliable hosting.
- Implemented add-to-cart functionality allowing users to add meal for easy access.

Portfolio Website

- Built a Portfolio Website in ReactJS.
- Link : https://portfolio-piyush-jani.netlify.app/

Shopping Cart

- Built a Shopping Cart using ReactJs so that user can purchase products.
- Link : https://shopping-cart-piyush.netlify.app/

Saved App

- People can save his/her notes, daily stories, etc...
- People can create, read, update and delete saved notes.
- Link : https://saved-app.vercel.app/

TECHNICAL SKILLS

Programming Languages: C/C++, HTML/CSS, JavaScript, Java

Framework/Libraries: Redux Toolkit, ReactJs, Tailwind CSS, Bootstrap

Database: SQL

CS Fundamentals: Operating System, DBMS, Computer Networking, Object Oriented Programming
